During National Library Week April 3-9, connect with your library

(HAMMOND, IN) – This week, Hammond Public Library encourages all community members to visit us in person or online to explore and access our resources. HPL offers a wide array of programs, and services that are available in person or from the comfort of your home, which include book streaming services such as, Flipster and Hoopla.

April 3-9, 2022 is National Library Week, a time to highlight the essential role libraries, librarians and library workers play in transforming lives and strengthening communities. The theme for this year's National Library Week is "Connect with Your Library," which promotes the idea that libraries are places to get connected to technology by using broadband, computers and other resources.

Hammond Public Library also offers opportunities to connect with digital media, on-site educational programs, and eResources in addition to books. HPL continues to go above and beyond to keep our community connected by expanding resources and embracing inclusion in our programming, and collections. We continue to make a difference in people's lives by providing learning resources, such as, online homework help and wi-fi access for students and workers who may lack internet access at home. Most importantly, the Hammond Public Library connects community members to each other.

This National Library Week, we want our community to show their appreciation and support for HPL by visiting our library in person or online, following us on social media and joining our staff for NLW Spirit Week, April 4-9.

First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association and libraries of all types across the country each April.

For more information, visit the library's website at www.Hammond.Lib.In.Us or follow us on Facebook @HammondLibrary.
